How did you guys find it, I think it was ok, not one of the hardest papers but not one of the easiest either. Last question I accidentally added squared lengths since you have to use Pythagoras, instead of subtracting it really bugs me. The question to find Theta was a bummer too, I got two values for the second part for Theta, (84.something) and (360-84.something).

How did the Edexcel C2 exam 24th May 2013 go? | Yahoo Answers
