### **Engineering Operations**

Combat engineers build, repair, and maintain buildings, roads, and power supplies within the Marine Corps, frequently while under fire or in dangerous combat environments. Their jobs are among the most important in the Marines, and they're often on the front line of any offensive action against enemy troops.

### **Marines Combat Engineer Job Description**

(2) Engineer troops may also be assigned or attached to any troop unit, combat team, or other tactical grouping. Under such conditions the engineer officer commanding these engineer troops will perform the duties and have the responsibilities of a unit engineer (see par. 9) insofar as is necessary. c.
