**Computer Networks - Andrew S. Tanenbaum, David Wetherall ...**
Published by Pearson Education, the 5th Edition includes eight chapters that

begin with the petite topics of physical layer, data link layer and medium access control sub-layer. Tanenbaum gradually gets to the more intricate topics of network layer, transport layer and application layer where various concepts have been explained in a plain manner. The book also explains network security to assist in creating a secure networking

system between computers. About the author:
