Many academic planners assumed that the coming of the Internet would lead to the decline of the library as we know it. To the contrary, many academic libraries have experienced significantly increased patron use in recent years.. One reason for this phenomenon is that today's college students have heightened expectations and demands for academic libraries based on new approaches to learning.

12 Modern Architecture Libraries Around The World. The first libraries have been around since 2600 BC and back then they were nothing more than archives or clay tablets in temple rooms. With time, they evolved into imposing structures and respected buildings all around the world. Modern libraries now take the concept one step further. 1.
