“War is no longer declared” says Austrian poet Ingeborg Bachmann: cyber warfare is transforming this line of poetry into reality. American cities are battling cyber-criminals and nefarious foreign actors on a daily basis. The past month has witnessed a barrage of cyber-attacks against city government assets in Baltimore. The attacks were orchestrated by cyber-extortionists who took ...

Fighting and Winning the Undeclared Cyber War | RAND

In just the past week, the national-security states of the United States and United Kingdom have discreetly let it be known that the cyber tools and online tactics previously designed for use in the post-9/11 “war on terror” are now being repurposed for use against information sources promoting “vaccine hesitancy” and information related to Covid-19 that runs counter to their state ...
