Economic Development Uganda Mason Edward

One of the first economic development courses at Harvard, taught by Ed Mason along with David Bell and Gustav Papanek, was a product of this collaboration with the developing world. Among his many accomplishments, Ed regarded the mid-career program for government officials from developing countries, now called the Mason Fellow Program, as his ...

Since 1995, Uganda has experienced rapid economic growth, but it is not clear to what extent this positive development can be attributed to Structural Adjustment. Uganda is a member of the World Trade Organization, since 1 January 1995 and a member of the General Agreement on Tariffs and Trade, from 25 October 1962.

Uganda - Uganda - Economy: The economy is basically agricultural, and it occupies some four-fifths of the working population. Uganda's moderate climate is especially congenial to the production of both livestock and crops. As has been the case with most African countries, economic development and modernization have been enormous tasks that have been impeded by the country's political ...
