Fiat 124 series engine - Wikipedia

The end result of this piston-chamber combination is a very tight squish area on the fore and aft areas of the combustion chamber. This promotes combustion turbulence and results in a complete and rapid burning of the air-fuel charge. Oil System - The 124/131 engine lower ends are very durable provided they are adequately lubricated.

Under the hood should be a 1,756cc DOHC 4-cylinder engine, which is backed by a 5-speed manual transmission. The 124 Sport Spider was renowned for its stopping abilities, and this was thanks to the fact that 4-wheel disc brakes were a standard feature. The engine might only be packing 91hp, but these are a willing performer.
