However, this is a book about a time long ago (800 AD) when conquest and pillage by marauders and warring factions was more of an everyday occurrence. We may live in a so-called civilized era but such things continue in this era when war and social turmoil occur.

**Freya 800 AD by Jean Mead - Goodreads**  
Freya 800AD Fascinating story. This is the first novel I have read about this time period and the Norsemen. Historically accurate. The story is woven into the times so cleverly that it encourages the reader to want to know more about this time in history. I was disappointed when the story ended. Definitely worth the read.

Freya lived more than a thousand years ago at the beginning of the Viking raids on Britain. Home was a longhouse, one of several in the settlement; a stockade protected the small community from bears and wolves roaming the vast glacial wilderness. Freya's husband, Olaf, hungered for wealth.

When Ruby was moored in Conwy, N. Wales often sailed to Isle of Man to spend a few days there. One trip coincided with writing Freya 800 AD so visited the museum dedicated to Vikings situated at Peel Quay. The ambience was amazing. The exhibit of the mummified body of a Viking in the original coffin was skin tingling.
