Replacement and Crate Engines | Harley-Davidson USA

A replacement engine based on a Harley-Davidson LongBlock sub-assembly is backed by a limited 12-month/unlimited mileage warranty. The LongBlock program replaces the Harley-Davidson Engine Remanufacturing (Reman) program with a more flexible solution that enables customization and offers factory-new engines without requiring shipment of the entire original engine back to the factory.

Making Old Engines New With the Harley LongBlock Program ...

The new engine and reman program started in 1999, and it takes only two weeks from the time your baby lands in Milwaukee before it's shipped back home. The factory runs through about 1,500 reman Evos a year and sells almost 2,500 new engines. Quality engine parts can be remanufactured to original specs and saved, while others are discarded.

Remanufacturing Evolutions By Harley-Davidson | Hot Bike

Harley-Davidson's New LongBlock Replacement Program. By staff. October 9, 2014. Harley-Davidson owners with old and tired engines can now replace and upgrade their powerplants through a new engine replacement service from the company called the LongBlock Program. The company says the new program is designed to be more flexible than the outgoing remanufacturing program because turnaround time is faster and customization options are greater.

Harley-Davidson Engine Rebuild - YouTube

Harley-Davidson has relaunched their factory engine rebuild program to bring in more flexibility for customers. For years, Harley-Davidson offered a factory rebuild option for owners who wanted to get their motors returned to health. However, the idea of the rebuild was to return your motor to factory spec; it wasn't ideal for owners with aftermarket cams or other upgrades, and eventually the program ended.
