Helping your kids with "new math:" We've got you covered Whether your kids are in school or learning at home this year, they probably have moments where they come to you for help.

Helping your kids with "new math:" We've got you covered

In an academic setting, play can also help children learn and grow. Teacher-initiated play is a close cousin to inquiry based learning . At Whitby, our early child educators ask children questions about the rules and process that govern the play, and then encourage children to make connections to the wider world through their own body of knowledge.

How Do Children Learn Through Play? - Whitby School

HelpKidzLearn

Did you know that learning to read is a challenge for almost 40 percent of kids? The good news is that with early help, most reading problems can be prevented. The bad news is that nearly half of all parents who notice their child having trouble wait a year or more before getting help. Unfortunately, the older a child is, the more difficult it is to teach him or her to read.

Helping Struggling Readers | Reading Rockets

2. Takes a constructivist approach to learning. 3. Focuses on developing cognitive skills through hands-on experience 4. Designed to help children develop logico-mathematical and spatiotemporal relationships.
