Example: If you have enough money in savings to cover at least 3 months' worth of living expenses, you will receive a savings index score of 24. Debt Index It's no secret that debt is a major ...

**How Much Money Is Really Enough? - Forbes**  
The goal is to figure out what is enough for you. You can take some inspiration from those in the FIRE community (Financial Independence Retire Early) who often have household annual spending in the \$25-40,000/year range. This is well under the average annual American household spending of \$60,060 in 2017.

**How much Money Is Enough, according to Research? | Slow**  
Switching from "enough money" to "enough money to" if a spectral being appeared with a large wad of cash and asked how much you thought was enough with no strings attached, you'd probably ask how much he had on him. Enough money is hard to quantify because it isn't anchored to anything. That's why we must reframe the question.

**How Much Is Enough Money? The Levels of Financial Autonomy**  
So, "enough" for me is \$2,000 per month. Or \$24,000 per year. This means that if I can earn \$2,000 each month in an enjoyable way, then I'm essentially living the dream. There are a few different ways to earn this much each month through a combination of passive and active income.
