Utilities & Energy Hytera brings an enormous pedigree to energy sector, working with some of the world's largest producers. Discover how Hytera has helped improve security and safety around the globe.

Hytera - Innovate for a safer world

DMR stands for Digital Mobile Radio - an open digital radio standard. DMR has received global recognition as a technology that combines voice, data, features and applications. Thanks to the DMR standard, Hytera DMR radios work with any other compliant system. But what sets Hytera apart is the breadth of range and feature set across our DMR radios.
