### Leopard Gecko Calcium, Vitamins: What Supplements to Use?

Crickets are nice because they keep the gecko active and on the hunt. they are kind of gross though, and I have a separate enclosure for mine. You can email me about this if you want to, it's kind of complicated. Never feed your gecko wax worms alone. they have almost no nutrients and a ton of fat. They are like humans only eating cake frosting.

### i need Leopard Gecko Help? | Yahoo Answers

Obtain your leopard gecko from a trustworthy source. Find your leopard gecko at a certified breeder if possible, or at a pet store with healthy, well-cared for animals. Select an animal with bright, clean eyes and a fat tail. Missing toes and crusty material around the mouth are signs of illness or retained shed.

### How to Care for a Leopard Gecko (with Pictures) - wikiHow

Leopard Gecko Tanks Since leopard geckos are ground animals and rarely climb, the tank will need to be long and wide (not tall and narrow). You will need to make sure that your gecko cannot easily climb out of the tank, so a tank with glass sides would be a good choice since leopard geckos cannot climb glass.
