UPDATE! Legends of Localization Book 2: EarthBound is now available! This 432-page, full-color book is filled with my 20 years of obscure knowledge about the game, my 15 years of professional industry experience, and insight from the game's head localizer, head marketer, and even the creator himself. I wrote and researched everything from scratch, and nearly every page is brimming with info not found on this site!

This section of the EarthBound Legends of Localization book also includes:

Further details on what the Japanese "S" rank means, including its origin and usage throughout the past 100 years

Details on some rarely-seen lines spoken by the bicycle shop owner, including info on game mechanic/programming changes made during localization

## **Legends of Localization: EarthBound / MOTHER 2 Translation ...**

The Zelda book is fantastic for fans but may not be the best for a college course because 1) the language section of the book is small, and 2) the screen shots containing the text are very small and difficult to read, in addition to already being 8-bit katakana-only text (as it naturally was). However, the Earthbound book would be perfect.

## **Legends of Localization: EarthBound / MOTHER 2 Translation ...**

Unbelievably thorough tome on English translation of Mother 2 into Earthbound on the SNES. First half of the book highlights key localization differences throughout the narrative and has plenty of relative facts and references for why certain Japanese elements would not work in America.

## **Legends of Localization Book 2 Earthbound Hardcover Guide ...**

Today I decided to take a break from Fire Emblem translations to write a brief review for a book by Legends of Localization author and creator Clyde Mandelin.. He has written two books thus far, focusing on the localization of the Legend of Zelda (NES) and EarthBound (SNES).I cover Book 2 here, and may cover Book 1 at a later date.

## **Review: Legends of Localization Book 2 - EarthBound | kantopia**

Legends of Localization Book 2:

ships from Amazon Fulfillment.

## **Legends of Localization, Book 1: The Legend of Zelda ...**

And while the Earthbound Handbook thing is cool.. I have a feeling I'd be enjoying the Legends of Localization

# Read PDF Legends Localization Book 2 Earthbound Clyde

book much more. The Earthbound Handbook just feels like Earthbound Strategy Guide 2.0 but I'd be much more interested to learn behind the scenes Earthbound stuff than that.

## **Legends of Localization: Earthbound : earthbound**

A new book from Prima Games gives a special shoutout to Legends of Localization! It's called Playing with Super Power: Nintendo Super NES Classics, and Fangamer got a copy of the super cool collector's edition: It goes in-depth on some of the most popular SNES games, including Zelda, the Marios, the Star Foxes (yeah, Star Fox 2!), aaaaand EarthBound.
