It's the 2002 update of the 1977 book Manwatching: A Field Guide to Human Behaviour; Morris grumbles a bit about having to change the title in these new times, but then he gets on with the serious business of looking at different things that we do with our bodies to for specific non-verbal communications - 488 pages worth, with loads of diagrams.

### Peopplewatching: The Desmond Morris Guide to Body Language ...

Morris attempts to use totally emotionally detached methods to arrive at conclusions which explain how we automatically react to someone in ways we don't even think about. The title (switched recently to Peopplewatcher after the more extreme feminists confused the term "Man" with the noun and not the scientific description of the species) hints at the way Morris carries out his research.
