Russia based website is actually a search engine that helps you download books and articles related to science. It allows you to download paywalled content for free including PDF downloads for the stuff on Elsevier's Science Direct website. Even though the site continues to face legal issues due to the pirated access provided to books and articles, the site is still functional through various domains.

The Adventures of Mark Twain Samuel Clemens' long awaited autobiography is finally being released a century after his death. Correspondent Jeff Glor reports.
