NO ONE TO TRUST is the debut novel in Katie Reus' Red Stone Security Series. I listened to the audible edition of it and it was an electrifying thriller! The characters are well-written and fully developed and the plot is solidly crafted even though it's a relatively quick listen at just over four hours.

Pypor was a little more of the reading of the story then telling of the story. But even with that I did enjoy listening to this book on audio. I would suggest that you head over to audible (or where you buy your audio books) and listen to a sample of No One To Trust and make sure that Pypor is the right narrator for you.

No One To Trust is a great mystery combined with a little romance and a whole lot of smart chick empowerment, with a generous dollop of laugh-out-loud humor. Lexi Carmichael is a breath of fresh air - she is smart, funny, self-deprecating, and insecure.

**No One to Trust (Lexi Carmichael Mystery, #2) by Julie Moffett**  
Trust No One is a wonderful book detailing the path two people take to find love and ultimately forgiveness. Like all relationships, Becca and Stephen's journey is along a rocky road with danger and detours, but one well worth travelling. I loved this story.
