About us - Note Investors

When one invests in a note, the note is purchased along with its security instrument. In other words, investors purchase the secured debt and become the lender, after which they are entitled to receive payments from the borrower. Generally speaking, note investors purchase notes at a discount to the remaining principal balance.

An Introduction to Note Investing - BiggerPockets

Another plus with purchasing a note is that you don't need any credit, or have to "qualify" like you would have to do for a mortgage to purchase real property. Many new note buyers are afraid of the "F" word, Foreclosure. If a tenant of a rental property doesn't pay rent you have to take the tenant to court by filing for eviction.

New Year's Goal Setting for Note Investors. By Fred Rewey. It is the end of another decade and as 2019 winds down, our thoughts turn to 2020. There is no question that we are big fans of goal setting for both short-term and long-term goals. At the end of each year, we get together for an entire weekend and focus on what we want to accomplish ...

The SEC's Office of Investor Education and Advocacy is issuing this Investor Bulletin to inform investors of features - and some potential risks - of structured notes. While structured notes may enable individual retail investors to participate in investment strategies that are not typically offered to them, these products can be very complex and have significant investment risks.
