Process Of  
**Speciation**

The Reading Process  
Reading is a process that includes three phases: before reading, during reading and after reading. In the before-reading phase, the reader establishes in his or her mind a purpose and a plan for reading. Then, the reader begins to read the written text—the during-reading phase.

### **The Reading Process**

Reading is the complex cognitive process of decoding symbols to derive meaning. It is a form of language processing.. Success in this process is measured as reading comprehension. Reading is a means for language acquisition, communication, and sharing information and ideas. The symbols are typically visual (written or printed) but
