The River, The Kettle, and the Bird | Eichlers

The Kettle is an 83.6-mile-long tributary of the St. Croix River in eastern Minnesota in the United States. Via the St. Croix River, it is part of the watershed of the Mississippi River. The river's English name is due to the large number of large rounded holes in the sandstone in and around the river, carved out by the swirling waters of the river. The river's Dakota name Cége watpa entered into English via the Anishinaabe people's Akiko-ziibi, both meaning "Kettle River".
