Search Paper

Google Scholar provides a simple way to broadly search for scholarly literature. Search across a wide variety of disciplines and sources: articles, theses, books, abstracts and court opinions.

Google Scholar

An I-Search paper is a personal research paper about a topic that is important to the writer. An I-Search paper is usually less formal than a traditional research paper; it tells the story of the writer's personal search for information, as well as what the writer learned about the topic. Many I-Search papers use the structure illustrated in the framework below:

I-Search Paper Format Guide – Gallaudet University

A research paper is more than collecting various pieces of information. The goal of this paper is to argue a point or analyze a perspective in your own words, which is then factually backed by outside information. If you are writing a sample research paper, you must properly introduce this paper so readers understand its contents and its purpose.
