## Where To Download Solutions For Cost Accounting 14th Edition By Carter

You can search Google Books for any book or topic. In this case, let's go with "Alice in Wonderland" since it's a well-known book, and there's probably a free eBook or two for this title. The original work is in the public domain, so most of the variations are just with formatting and the number of illustrations included in the work. However, you might also run into several copies for sale, as reformatting the print copy into an eBook still took some work. Some of your search results may also be related works with the same title.

The accounting equation. The accounting equation equates assets with liabilities and owners' equity:  $\text{Assets} = \text{Liability} + \text{Owners' Equity}$ . Assets are things owned by the company — such as cash, inventory, and equipment — that will provide some future benefit. Liabilities entail future sacrifices that the company must make, such as paying bills or other kinds of debts.
