Many amateur chess players are put off from playing the Open Sicilian (1.e4 c5 2.Nf3 followed by 3.d4) as White because of the wide range of choices at Black's disposal and the apparently large amount of theory you need to know to support this choice. The Open Sicilian looks like a lot of study.

Five Easy Pieces: White Open Sicilian Repertoire

The facts are that White is applying Classical Chess Opening Theory to contolling the center in the Sicilian Opening. And, Black is applying Hypermodern Chess Opening Theory to controlling the center. That perspective alone causes your mind to see very naturally the next logical move.
