## **The Citizen Powered Energy Handbook**

In "The Citizen-Powered Energy Handbook" author Greg Pahl explains why the energy challenges facing the United States in the coming decades are not likely to be solved by the big multi-national energy companies. It seems that there is no one technology out there capable of acting as the "magic wand" to solve all of our energy problems.

Kiev (known as Kyiv, in the official state language of Ukrainian) started life in the 5th Century AD as a trading post of the Eastern Slavs, an ethnic group that would evolve into the Russian, Ukrainian and Belarussian people. The city grew in prominence until it became the dominant political power in a state known as 'Kievan Rus', which existed from the late 9th Century until the 13th Century.
