It's all true.... even if the book "The Italians" by Luigi Barzini was written 53 years ago. Even now there is still a behaviour such as that described in the book. It is quite true that some things have been improved, and a number of ways of thinking have changed, but in principle, way of living and thinking are more or less the same. Thank you.

He even quotes from the classic book with the same title, The Italians by Luigi Barzini. To be honest, I found it a bit odd to use the same title as Barzini's classic...but to each his own. The book begins by explaining Italy's geography, and uses it as a reason for the diversity of language and sub-cultures in Italy.

According to the veteran Italian film director Ettore Scola, Italian people have the intrinsic knack of ridiculing themselves long before someone else can dare to point a figure at them. For them there is hardly any human sentiment which cannot be mocked. By doing so they have remained the champions of auto derision in this world. This is one fundamental quality which
