Drawing on Peter Westwick and Peter Neushul's expertise as historians of science and technology, the environment, and the Cold War, as well as decades of experience as surfers themselves, "The World in the Curl" brings alive the colorful history of surfing by drawing readers into the forces that fueled the sport's expansion: colonialism, the military-industrial complex, globalization, capitalism, environmental engineering, and race and gender roles.

The World in the Curl: An Unconventional History of Surfing

About *The World in the Curl*. A definitive and highly readable history of surfing and the cultural, political, economic, and environmental consequences of its evolution from a sport of Hawaiian kings and queens to a billion-dollar worldwide industry. Despite its rebellious, outlaw reputation, or perhaps because of it, surfing occupies a central place in the American – and global – imagination,
