I have a Trane XL 1200 condensing unit that is in bad need of cleaning. I would like to do it right. I cannot find a manual that tells me how to get the top off so I can take the top three screws out so I can remove the louvered covers. Someone help please. If you refer me to a link for a manual please make sure the said manual shows this info.

Gas or oil filters, in particular, are prone to dirt. Try cleaning your filters and see if you get improved results. However, pay attention to the manual so that you do it correctly. Check this too: Nexia Troubleshooting and How to Guide. There is no doubt that Trane thermostats offer proper home climate control.
